It provides suitable educational infrastructure to young brilliant students for their career development in their respective interests in Computer Application & Business Administration at a reasonable and an affordable price

Why DAITM?

- ✓ **World-Class Education**
Learn from experienced faculty members who bring cutting-edge industry insights.
- ✓ **State-of-the-Art Infrastructure**
Modern classrooms, high-tech labs, and a campus that sparks inspiration.

- ✓ **Unmatched Industry Connections**
Strong ties with global tech giants for internships, placements, and real-world exposure.
- ✓ **Holistic Development**
Focus on both academic excellence and personal growth—grooming students for leadership roles.

ABOUT OUR UNIVERSITY

Maulana Abul Kalam Azad University of Technology, West Bengal (formerly known as West Bengal University of Technology) was established in the month of August, 2000, with the objective to emanate the scope of technical and management studies in the state of West Bengal with a view to implement the mission towards flow of steady manpower in the Industries/Establishment throughout the country. MAKAUT formulates curriculum of under graduate and PG level, conducts examination and monitors the quality of education in the stated field.

DAITM HAS A RAGGING FREE CAMPUS

For Admission Enquiry : office@daitm.org.in | admissionsdaitm@gmail.com

Our Mission

Dinabandhu Andrews Institute of Technology & Management (DAITM) has been set up in the year 2002, with the said objectives to widen the scope of technical and management studies.

- ✓ Creation of conducive learning atmosphere to inculcate value based education.
- ✓ Development of state of the art infrastructure and making education responsive to changes.
- ✓ Creation of effective interface with Industry and strengthening Industry-Institutional interaction and Entrepreneurship Development as a whole.
- ✓ Promoting research activities and establishing linkage with National and International Institutes of repute.
- ✓ Developing the human resource required for the rapid progressive change owing to the industrialization of this state.

Without diluting these basic objectives of producing hard working, sincere professionals with core competence in respective fields, DAITM also intends to further fertilize the sharp minds of its students with specialized trainings in cutting edge topics of Management and Technology so as to produce mature young Managers & Technocrats with sharp communication skills and profound knowledge on impacts of globalization - a truly global intellectual entity.

Our Vision

To develop an Institution of Excellence for advancement of Management & Technology and for creation of professionals with high sense of ethical values and Commitment to the Society.

Short Term Objective

To produce sufficient number of capable young Managers & Technocrats to cater to the immediate needs of increasing demands of graduate technicians & management leaders for sustainable development of the ever increasing expansion of the diverse sectors of IT, and Business.

Mid Term Objective

To expand the academic activities to other branches of Engineering, Technology, Mass Communication, Hospitality as per the requirement of the Industry. To cultivate Research and Development activities for sustainable development of Technical & Managerial education.

Long Term Objective

To develop the Institution as a Centre of Excellence, capable of handling emerging areas of Management & Technology and continue to open up newer dimensions in Management & Technology through rigorous and innovative research practices with a vision of making it a Global Resource centre. Focus is on underprivileged students and special care taken to ensure their mental and educational upliftment.

DAITM HAS SMART CLASSROOMS WITH MODERN TEACHING TOOLS

President's Desk

We are stepping into an ambience where 'Industrialization', 'IT', 'Management', 'Cyber-Knowledge', etc. have become keywords for our individual and social existence and opportunities. The careers of the youth of West Bengal will center around the programs and actions represented by these recurrent set of words.

A new institution for professional training holds many promises for its students as it also invites them to contribute to its development. It is a mutually enriching environment, in which the institution, the students and their teachers function. The Governing Body of DAITM is fully aware of its responsibilities, and plans to set the Institute, with the help of all, on a path of uninterrupted progress.

STRONG EMPHASIS ON: SKILL DEVELOPMENT, PERSONALITY DEVELOPMENT, COMMUNICATION SKILLS

Principal's Desk

"The purpose of education is to make good human beings with skill and expertise...Enlightened human beings can be created by teachers."

– Dr. A.P.J. Abdul Kalam.

It is our immense pleasure to welcome you to Dinabandhu Andrews Institute of Technology and Management. Our college offers BBA, BBA in Hospital Management, BCA, B.Sc. in Medical Lab Technology. As the Principal, it is both my honour and privilege to lead this vibrant educational institution.

The college is committed to provide adequate knowledge to its students to think and perform logically. They are encouraged to develop themselves personally and professionally for the needs of industry and individual career development.

For almost two decades our highly experienced, dedicated faculty members and competent mentors with their wealth of knowledge and passion for teaching, have ensured for our students a wholesome ambiance to instill a holistic development in every respect. In consequence, our institute has earned the reputation of being one of the leading Technology and Management Institutes of West Bengal.

The college provides various value added, industry oriented training programs in emerging areas, various social activities, placement assistance and drives to inspire high technical, managerial skills, teamwork and leadership qualities for achieving excellence.

Our college has been named after a noble man, Charles Freer Andrews, priest, educator and social reformer, a close associate of Mahatma Gandhi and Gurudev Rabindranath Tagore, who identified with the Indian liberation struggle. Following his path of impetus and inspiration, I believe our institution will establish itself as a centre of excellence in all dimensions.

I wish you all great success and a brilliant future !

Prof. (Dr.) Soumya Paul
Principal

TRANSFORM YOUR FUTURE AT DAITM, KOLKATA

At DAITM, we mould future professionals who are:

- Technically Competent
- Professionally Confident
- Clear and Confident Communicators
- Ethically Grounded
- Industry-Ready

DAITM HAS WIFI ENABLED CAMPUS AND BOOK BANK FACILITY

COURSES OFFERED

BBA (Bachelor of Business Administration)	AICTE Approved MAKAUT recognized	Duration 4 years
------------------------------------------------------	---------------------------------------------	-----------------------------

The degree is designed to give a broad knowledge of the functional aspects of a company and their interconnection, while also allowing specialization in a particular area. BBA programs expose students to a variety of 'core subjects' and allow students to specialize in a specific academic area. The degree also develops the student's practical, managerial skills, communication skills and business decision-making capability. Many programs incorporate training and practical experience, in the form of case projects, presentations, internships, industrial visits, and interaction with experts from the industry.

Eligibility: As per MAKAUT eligibility.

Why We Stand Out

- Industry Needs: Strategic thinking, communication, and global business awareness
- Curriculum: Aligned with corporate, entrepreneurial, and international business practices
- Key Focus Areas: Business communication, presentation skills, and professional writing
- Hands-On Experience: Real-world problem-solving, decision-making, and global business models
- Skills Developed: Leadership, negotiation, and cross-cultural competence
- Impact: Graduates communicate clearly, present confidently, and thrive in global business environments

BBA in HM (Bachelor of Business Administration in Hospital Management)	AICTE Approved MAKAUT recognized	Duration 4 years
-----------------------------------------------------------------------------------	---------------------------------------------	-----------------------------

Prospects and opportunities in Healthcare is one of the fastest growing industries in the country, particularly in Eastern India. The course prepares you for the overall management of a hospital, to ensure its smooth functioning through maintenance of all infrastructure and equipment as well as coordination of various departments. The hospital administrator's function is to ensure highest quality care at lowest cost, with the objective of ensuring patient satisfaction. Internship is arranged for our students at reputed hospitals.

Eligibility: As per MAKAUT eligibility.

Why We Stand Out

- Industry Needs: Service excellence and global hospital communication
- Curriculum: Aligned with international hospital standards
- Key Focus Areas: Customer communication, service etiquette, and cultural sensitivity
- Hands-On Experience: Hospital operations, guest relations, and service management
- Impact: Graduates provide world-class service, are culturally aware, and communicate effectively in global hospitality settings.

STRONG INDUSTRIAL EXPOSURE WITH RESPECT TO INTERNSHIP AND PLACEMENTS

BCA (Bachelor of Computer Application)

AICTE Approved
MAKAUT recognized

Duration
4 years

BCA is a new age degree course in the field of computer applications. The duration of the course is four years. It is a program where students are exposed to various areas of computer applications including the latest developments keeping pace with the industry. The basic objective of the programme is to open a channel of admission for computing courses for students, who have done the 10+2 and are interested in taking computing/IT as a career.

Eligibility: As per MAKAUT eligibility.

Why We Stand Out

- Industry Needs: Technical competency, documentation skills, and global IT standards
- Curriculum: Mapped to current IT industry trends and global technology frameworks
- Key Focus Areas: Coding, system design, software development, and project documentation
- Hands-On Experience: Exposure to agile methodologies, international coding standards, and real-world IT projects
- Impact: Graduates are technically proficient, confident in client interactions, and prepared for global IT roles.

BMLT (B.Sc in Medical Laboratory Technology)

MAKAUT recognized

Duration
4 years

B.Sc in Medical Lab Technology is an allied health professional course that deals with the diagnosis, treatment and prevention of diseases through the use of Clinical Laboratory tests. It offers a rewarding health care program that does not require hands-on patient care. For those individuals who love science, technology and health care, this program is a perfect blend of all the three.

Eligibility: As per MAKAUT eligibility.

Why We Stand Out

- Industry Needs: Accuracy, ethical reporting, and healthcare communication
- Curriculum: Aligned with hospital, diagnostic, and international laboratory standards
- Key Focus Areas: Medical diagnostics, precise reporting, and ethical communication
- Hands-On Experience: Advanced diagnostic equipment and safety standards
- Impact: Graduates are skilled professionals capable of accurate diagnostics and clear communication with healthcare teams.
